

Open Donor: Lionel

Staff Impression

Lionel has a full head of curly brown hair that he occasionally dyes blonde. His almond-shaped blue eyes twinkle when he smiles. Also lending itself to his great smile are Lionel's excellent set of straight, white teeth. He has fair skin, high cheekbones, and a defined chin. With long, lean limbs and a sturdy frame, Lionel makes for quite a cute donor.

Lionel lives for music, playing classical guitar and piano. After he completes his undergraduate degree in classical guitar he hopes to be a professor and pass on his talent and wisdom to the next generation of musicians. Lionel also keeps close family ties, valuing all his parents taught him and now seeing his brothers and sisters as his best friends. Lionel is a special and caring donor.
