

Open Donor: Kenney

Staff Impression

Kenney stands tall and lean with brown, wavy hair and blue-green eyes. His medium skin tone contrasts wonderfully with his soft eyes and dark hair. Kenney has a nicely defined jawline and chin and a gentle smile, which showcases his perfectly proportional mouth. His nose is straight and cute, like a button. Kenney has boyish good looks.

Kenney grew up on a farm and therefore loves animals and nature. In fact, his goal is to one day own his own old farmhouse. He stays active through recreational soccer, basketball, and baseball, and also enjoys the outdoors of the Pacific Northwest. Kenney, being very artistically inclined, also plays several instruments. He is a great donor with a lot of great qualities.
