

Open Donor: Liam

Staff Impression

Liam is one of our most handsome donors, standing just over six-feet tall with wavy blonde hair and crystal-blue eyes. This donor is also one of our most active, as he competes in triathlons and frequently rides his bike, kayaks, hikes, and rock climbs. As such, Liam has a fabulous build, with lean, sturdy muscles and broad shoulders.

More than just a handsome face, Liam speaks fluent German, writes and performs saxophone music, and paints creatively. He is extremely driven, as he attends dentistry school now, and has aims to also own an organic apple orchard and start a local art foundation. Liam truly is the whole package, and we could not be more appreciative to have him in our program.
