

Open Donor: Barton

Staff Impression

Barton has a very toned build, with well-defined muscles. He is naturally athletic and stays in shape through swimming, Kung Fu and many body weight exercises, although he played a variety of sports when he was younger. Barton has thick brown hair, and gorgeous blue/green eyes that pop against his fair skin. He keeps his face clean shaven and his hair short. Barton is a very attractive young man whose looks only serve to augment his already stellar personality.

Barton is one of our sweetest and most genuine donors. He truly is an incredible young man with an extremely caring side coupled with natural athleticism and an acute intellect. He is currently pursuing a degree in engineering while doing everything he can to help others, including donating for us and also donating blood as often as he can. Barton has strong morals and is always trying to improve himself and those around him.
