

Open Donor: Zane

Staff Impression

Zane has a very muscular build, a result of a regular cardiovascular and heavy weightlifting exercise regime. He has dark green eyes that stand out against his olive skin tone and wavy brown hair. Zane is clean-cut, with short cut hair and a smooth complexion that is always clean shaven. He has a pink lips that form a wide smile with straight white teeth. Zane has strong features set in a slightly round face giving him a sweet and attractive quality.

Zane embodies the Midwest persona. He is sweet, polite, outgoing and always ready to lend a helping hand. Zane is very genuine and outgoing and makes friends wherever he goes. He is also athletic and musical, playing a variety of instruments. When asked why he wants to be a donor, Zane answered, "A child is the passing on of the legacy of life and contributing to that is the least I can do." We cannot brag about Zane enough, he is a truly wonderful person and we love having him in the program.
