

Open Donor: Aldo

Staff Impression

Aldo has a lean, defined build; a result of his regular cardio and participation in a variety of recreational sports. He has straight brown hair that is complemented by stunning blue/green eyes. Aldo usually has a beard that is kept trimmed short, but will occasionally shave to reveal a clean, clear complexion. Aldo is very friendly, but has a sweet, somewhat shy smile full of straight white teeth.

Aldo is incredibly compassionate and caring. He is passionate about the environment and wellbeing of future generations. He currently works with children and hopes to have a future working in the field of environmental science, putting his degree to good use. Aldo is also athletic, playing a variety of sports recreationally, and can read music and play the piano. He can be quiet, but once comfortable Aldo is funny and intelligent, having thoughtful and engaging conversation and we believe he is a wonderful person and great donor.
