

## Nixon Staff Impression

Nixon has an athletic build, with broad shoulders and strong arms. He has a medium skin tone that tans dark in the summer, wavy dark blonde hair, sparkling blue eyes, a rounded face, and full lips. Overall, he is very attractive and presents himself very well!

Nixon always has a great attitude- he is fun, laid-back, quirky, and to the point. He is currently finishing his degree in Political Economics, with a goal to soon get into one of my many prominent tech sales companies in the Pacific Northwest. He definitely has the charisma and the knack for business and numbers needed to go very far in his desired profession. In his personal time, Nixon is an avid cook, loves to eat, hike, and ski; he is also very active in wrestling, which he has done since high school and still does collegiately. If you are looking for someone direct, confident, and fun-loving, Nixon would be a great choice for you!
