

## Slater Staff Impression

Slater always walks into our office with a big smile on his face and a warm greeting. He has light brown hair and soft blue/green eyes, with a light dusting of freckles across his medium complexion that tans nicely in the sun. Slater has strong muscular arms and a broad, fit chest. He earns his physique by playing university level lacrosse, as well as staying active outdoors.

Slater is a driven young man. Since graduating from college with a degree in Environmental Studies, he has worked his way up in his chosen field, with an ambition to soon go back to school to get his Masters. He has a close connection to his family and a happy, positive attitude. We are so pleased to have him as a donor in our program, and we think he would make an outstanding choice for your family!
