

## Campbell Staff Impression

Campbell has thick, wavy, dark brown hair and twinkly brown eyes to match. He is quite handsome with angular features; slightly cleft chin; full lips; a clear, fair complexion; medium bone structure; and an athletic, slim build he keeps in shape with his long walks, running, and otherwise maintaining a high level of physical activity.

Campbell lights up a room with his ever-present big smile and warm personality. His understated wit, cordial affect, and humility bring a pleasant levity his interactions. He is an exceptionally talented performer with a beautiful voice; it's truly a treat to hold a conversation with Campbell whether it is about his family or one of the many books he has read recently. Campbell has a truly special personality and intellect. We highly recommend him!
