

Bjorn Staff Impression

Bjorn has light blonde hair and beautiful blue eyes that light up when talking about his adventures backpacking alpine trails, summiting mountains and seeing the world by motorcycle. His fair skin tans lightly in the summer with the many hours he spends outdoors. He maintains a lean and athletic physique that one would expect from an avid outdoorsman.

Bjorn is an exceptionally driven and compassionate caretaker whose long-term goal is to serve the community by furthering his career in healthcare. He is energetic, driven, and passionate about making opportunities to see the world and make meaningful connections with people. Bjorn is caring, bright, funny, and outgoing, and we think he is an amazing donor!
