

Open Donor: Grant

Staff Impression

Grant is a very handsome young man. He has a very muscular build from regular exercise consisting of weight lifting and swimming. He also has a medium skin tone that usually has a nice bronze tan to it, a result of regular swimming and playing collegiate water polo. Grant has thick, light brown hair and beautiful, intensely blue eyes. When he smiles, Grant shows off straight white teeth and dimples on either side.

Grant is not only good looking and athletic, but also intelligent – earning a degree in electrical engineering. He can be quiet at first, but once he becomes comfortable Grant is kind of goofy but very sweet and compassionate, striving to always treat those around him with love and respect. When asked why he wants to be a donor, Grant answered, “You are giving the most important gift a couple will ever receive in their entire lives...” Grant is an attractive donor that is also caring and loyal, making him an exceptional donor.
