

Open Donor: Quinn

Staff Impression

Quinn is built strong with rounded, masculine features and expressive brown eyes. Thanks to his Italian heritage, he has a very nice medium skin tone and very dark hair that he keeps short. Quinn is usually clean shaven but has been known to come in with a few days of scruff or a well-maintained beard. Quinn has a warm smile that shows off his straight, white teeth.

Quinn extremely genuine and optimistic. He always comes in happy to see us and willing engage in discussion on any topic. He is one of those donors who you rarely, if ever, see in a bad mood or having a bad day. When asked why he wants to be a donor, Quinn answered “because there are so many people in this world who have no ability to concieve a child with the one they love and becoming a donor gives me fufillment in the oppurtunity to help a couple who want to have a child.”
