

Open Donor: Roy

Staff Impression

Roy is tall with broad shoulders and a lean, strong build. He is extremely athletic and swims competitively and recreationally. Roy has light brown hair that he keeps very short and big, light blue eyes that really stand out. He has a medium skin tone that will tan with time in the sun, especially after spending some time in the water. Roy has rounded facial features and a shy smile that shows off his straight white teeth.

Roy is shy at first, kind, quiet and laid back, helping him to fit in easily with any group of people. It may take him a little time to open up, but once he does he shows genuine interest in other's lives and getting to know everyone around him. Roy is very determined and driven to succeed on his path in life and we believe that he can and will accomplish everything and anything he sets his sights on.
