

Open Donor: Brian

Staff Impression

Brian is a joy to have in the program. He always comes in with a wide smile and a genuinely friendly greeting. I don't think I've ever see him not smiling and walking with a bounce in his step. He's a healthy mix of nerdy interests and midwestern boy charm, with deep rooted morals and love for his family. He has a slender but athletic build he maintains with regular cardio and weights in addition to his love of tennis which he plays as often as possible.

Brian has full lips and a smile full of straight, white teeth. He has a medium complexion that gets darker the more sun it sees. Brian has blonde brown hair that he keeps short but is often tousled with that 'just got out of bed' look. Brian has green eyes that always show he's happy. Brian is the total package of cute, kind hearted, smart, and positive.
