

Open Donor: Christian

Staff Impression

Christian has a tall lean and slender build that he maintains by having an active lifestyle. He was involved in competitive weight lifting and martial arts, evening teaching karate for years. He has large, brown eyes and dark brown hair to complement his fair skin tone. He always has a mustache and goatee. Even with facial hair the first thing you notice is that Christian is always smiling. He has an infectious happy, outgoing and positive personality with a great sense of humor. Christian is always willing and ready to talk at length about anything and everything with all of us in the office.

Christian is very intelligent, driven and dedicated. After serving in the United States Marine Corps for four years Christian obtained a Bachelor's Degree in Marketing. He uses that degree today in a career in marketing for a gun manufacturer. Christian is an avid hunter and has a real love of guns and the outdoors, so this career suits him perfectly. Christian is a great combination of smarts, athleticism, and personality, and we truly enjoy having him in the program.
