

Heath is a slender donor with dark, wavy hair and a medium skin tone. He has full brows, prominent cheekbones, and a welcoming smile. He is very fit from an active lifestyle playing recreational sports and enjoying the outdoors hiking and kayaking.

Heath is true southern gentleman who is polite, outgoing, intelligent, and charming. He has a passion for travel which he makes time for when he is not busy with his work as a Physician. Not only a part of our program, but also a blood and bone marrow donor, it's apparent that he finds it rewarding to help other people in any way he can. As part of a large and supportive family, Heath is honored to have the opportunity to help others have children of their own. We think he is a great donor choice!
