

Open Donor: Cal

Staff Impression

Cal is average height with a broad, muscular build, the result of a very active lifestyle of daily workouts that include cardiovascular exercise and high intensity interval training. Cal also has a career working as a woodland fire fighter. This keeps him very physically fit and strong as well. Cal has olive skin that darkens with his time in the sun. He has brown almond shaped eyes and matching dark brown hair that he keeps short. Cal has full lips and is always smiling revealing straight white teeth. He is usually clean shaven but has been known to sport a 5 O'clock shadow from time to time, making Cal a ruggedly handsome man.

Cal is very dedicated and committed to his profession. He obtained a degree in geography from Arizona State University. 10216 is also the proud father of two children whom he could not be prouder of. He is always willing to talk about them and let the staff know how they are doing in school and with their sports. Cal has a very genuine and compassionate personality and is the first to try and cheer you up and make you smile. When asked why he wanted to be a donor Cal responded that he "wants to help families feel the joy and love you experience when you have a child".
