Staff impression

Timmie is gorgeous and looks as if he could jump into any page in a GQ magazine. He has model good looks and a captivating smile. He dresses casually and trendy. He has shimmering green/brown eyes and light brown hair. He has a toned physique and loves to stay active, especially outdoors.

Currently a student working his way through school has proven a driven and focused individual. When we asked him what his strong sides are he responded, "I have the ability to improve myself very easily, I love to dissect my actions and determine what works best for me and what doesn't work for me and focus on my strengths. I believe in a sound financial life, not because I am ruled by money, but because I understand that a job makes me trade my time for their money and the more money I make, the more time I can trade for it when I want it! I love being outdoors, so I channel that desire to train and become physically fit so I can do more demanding tasks in the backcountry and see the grander sights!"

Timmie is cheerful and witty, and a very fun person to be around.
