

### **Connor Staff Impression**

Connor is tall and athletic with a lean and slender build. He has fair skin, a pointed nose, and a narrow, oval, face. Connor's hair is a sandy, light brown color and he has a broad, inviting, smile that compliments his sparkling and blue-green eyes.

Connor is an energetic and outgoing performer who loves to entertain people. He is an accomplished and gifted musician who plays the bassoon in his university's wind ensemble. He comes from a large, tight-knit, supportive, family whom he visits frequently for holidays and get-togethers. While he is driven musician and student, he also keeps an upbeat and relaxed attitude that brings an uplifting energy when he visits our clinic. It is wonderful having him in the program and we think he is a great guy!
