

Staff Impression – Morrison 12326

Morrison is a collegiate athlete who enjoys competition, construction projects, and spending time adventuring in the great outdoors. He is tall and handsome with a large and muscular build. Morrison has light brown hair, deep blue eyes, an oval face, and a kind smile. He has a light tan complexion year round

Morrison is a polite and optimistic donor who always greets us with a smile. Morrison is a unique donor in that he was conceived through the use of donor sperm. His experience growing up in a happy and unconventional family has made him excited to be able to pay it forward to people who want to have children of their own. We think he is a remarkable guy with a deep understanding of being a donor a great appreciation for the opportunities that it creates.
