

Bronx Staff Impression

Bronx has a very athletic look. He has a solid, medium build with large, muscular arms and strong legs. He enjoys a variety of sports including football, baseball and lacrosse. He has large blue-green eyes, an oval face, high cheekbones, and a rounded nose. He has straight white teeth and a great smile. He keeps his hair a little longer on the top and his face always clean-shaven, giving him a quintessential boy-next-door vibe.

Bronx is extremely laid back with a southern California mentality. He is fun-loving and relaxed, and enjoys surfing, snowboarding, and traveling. He has a fabulous sense of humor and laughs easily, even if it is at himself. However, Bronx is also a very hard worker, and has a strong work ethic fueled by his constant goal-setting and self-motivation. He is a business student, and his long-term plans include traveling the world and starting his own company.
