

Murray Staff Impression

Murray is tall, broad-shouldered, and handsome. He has an oval face with full lips and a prominent but well-proportioned nose. He also has a great smile with straight, pearly-white teeth. Diving keeps him in great shape! His tall frame is naturally lean, and you can tell he has very strong legs and arms. He wears a sharp pair of glasses and has large, kind eyes.

Murray is a hard-working commercial diver who also enjoys recreational diving in his spare time. He is a very adventurous guy who enjoys travel, new experiences, and as much time in the water as possible. Murray is very well-spoken, friendly, and outgoing. Both his curiosity about being a sperm donor and a genuine interest in helping others led Murray to join our program.
