

Newton Staff Impression

Newton has boy-next-door good looks with a charming smile, twinkling eyes, and rosy cheeks. He has an oval face with a narrow, pointed nose, a nice brow line, and polished, sandy brown hair. He is naturally lean, but he also stays healthy and active by running, rock climbing, and playing hockey.

Newton has a gentle temperament with an easy-going and happy personality. He is great at math and has plenty of mechanical skills, both of which he employs in doing his own home renovations with his wife. In addition to his analytical skills, he is also creative and artistic, playing many musical instruments and creating visual art in various media. He is quite the gentlemen, and we're very happy to have him in our program!
