

Staff Impression: Odell

Odell is tall with a lean build. The first thing we noticed about him are his stunning green-blue eyes complimented by his straight strawberry blonde hair. He has a medium bone structure with fair skin and is always kept clean-shaven. Aside from his piercing eyes, the most noticeable thing about Odell is his infectious smile.

Odell is quite possibly one of our nicest donors. He is always happy, with a broad smile and easy going, gentle demeanor. He is relaxed and optimistic, always ready to engage in a meaningful conversation with those around him. Odell is well traveled, intelligent and a humanitarian. When he isn't busy working towards his Sustainability and Supply Chain Management degree, he enjoys helping those less fortunate. He has spent the last two years traveling around with a non-profit building homes for the homeless. Odell is compassionate, responsible and overall a fantastic addition to our donor program.
