

Open Donor: Monroe

Staff Impression

Monroe is handsome, tall, and naturally muscular. He has deep-blue eyes that sparkle when he smiles. His body is athletically built and proportional, with broad shoulders and long, lean muscles. He has a thick crop of medium-brown hair that complements his fair skin. He grows a neat, trimmed beard and has rosy, high cheekbones. His teeth are straight and white and his voice is deep and masculine.

Monroe's intelligence is easy to detect, but he delivers it with a respectful tone and an easy smile. He is witty, sharp, and has a punchy sense of comedic timing. He refuses to take himself too seriously and likes to poke fun at himself.

When he isn't enjoying the outdoors by hiking, camping, and climbing mountains, Monroe enjoys being with his two daughters, playing the guitar or piano, and watching sports, especially football and rugby. All of these traits combine to make Monroe a great donor for any family.
