

### **Staff Impression: Fuller**

Fuller is average height with a muscular build, a direct result of his very active lifestyle. He is currently working on his Bachelors Degree in Exercise Science and Wellness. He also works part time as a personal trainer and exercises regularly by competing in Cross-Fit and competitive power lifting. Fuller has dark blonde to light brown straight hair, fair skin and pretty green brown eyes that light up every time he smiles, exposing his straight bright white teeth.

Fuller loves to stay active through a variety of hobbies, some of which include: working out/ strength training, motocross, hiking, snowboarding, wake boarding and surfing as well as playing guitar, drums and piano. He really enjoys the outdoors and anything adventurous. He is also advanced in mechanical skills, which he gained from his past 4 years in the US Military and has an ultimate goal of flying for the US Air Force. Fuller is unique in the fact that he is constantly striving to be better then he was the day before, always has a goal to reach. This dedication and work ethic along with being outgoing, goofy yet polite and professional makes him a fantastic addition to the donor program.
