

Style Staff Impression

Style is such a proper, respectful, easy going person with an outgoing personality. He is quite tall, standing at 6'4" with a lean build with broad shoulders. His fair skin stands in contrast to his straight, dark brown hair that he keeps short and styled. Style keeps a clean-shaven face that shows off his cleft chin, chiseled jaw line, full lips and great smile. All these attributes make Style a very handsome donor.

Style is currently studying Conservation Biology and Ecology. He intends to protect our planet by becoming an Environmental Attorney. When he has free time, he enjoys hiking, camping, playing games such as chess and hanging out with friends. Growing up with his family he learned the value of trust, loyalty and being a pragmatic person.
