## **Sanjay Staff Impression**

Sanjay is a wonderful addition to our donor program. Standing at 6ft tall, he has a slender build with a lovely dark complexion. He enjoys the outdoors and keeps fit by hiking. He has dark brown almond shape eyes and thick, wavy black hair. Sanjay keeps a clean-cut appearance but typically can be seen with a 5 O'clock shadow. He has a slightly crooked smile, thin lips, and straight white teeth.

Sanjay obtained a degree in electronics and communications, and currently works as a Program Manager. He will continue to work in this field and hopes to someday purchase a farm to live and work on with his family. He is also quite the world traveler, having visited over 10 countries, with more on the list. Sanjay can be perceived as quiet and shy; however he is very kind, humble and soft spoken.
