

### **Spike 10587**

Spike is a laid back, educated, and hardworking man. He has kind blue eyes and thick, blonde hair. Throughout conversing with Spike, we have realized how warm hearted and nurturing he is, as he currently spends his time as a stay at home step father. Though he finds this job rewarding, we love to hear about his knowledge of geography and he is determined to be a geography teacher in the future.

Spike is also incredibly artistic, and plays acoustic, electric, and bass guitar! This does not come as a surprise to us because of his curiosity to always learn new things. Spike also has a connection to infertility, as he has loved ones who have undergone IVF, and has a desire to help those struggling with infertility. We recommend Spike to any family!
