

Sheffield 14266

Sheffield is a one-of-a-kind, artistic, intelligent, and creative guy! He is ever so handsome, with beautiful hazel eyes and thick, wavy hair. Currently, he is studying cognitive science and hopes to one day pursue a career in the research area of his field. In addition to studying cognitive science, he is bi-lingual, learning and speaking Japanese as a second language.

Though Sheffield is very intelligent, more than anything, he is an outstanding pianist and musical composer. He is proficient in his musical talent, and values visual art. Sheffield always makes us laugh with his entertaining personality, but is the perfect balance of humorous and fun, while staying focused and dedicated. We are thankful for Sheffield to be a donor with us, and we would recommend him for any family!
