

### **Hubert (12689) Staff Impression**

Hubert is very handsome with an enviable bone structure, a full head of silky hair, and piercing blue-green eyes with bursts of gold. He has tidy, arched brows; a medium-sized nose with a rounded tip; a charming, broad smile; high cheekbones; and a well-defined angular jawline. He is tall and slender with long, lean limbs.

Hubert is a curious intellectual who wants to make the world a better place with his work in biological research. His pursuits were inspired by witnessing his father's work providing charity care overseas for populations with extremely limited access to healthcare. Though he is reserved, he is friendly, polite, and caring; he deeply values his close relationship with friends and family. He enjoys building models, sculpting, hiking, playing games with friends, cooking, and exercising. We think Hubert is wonderful because he is intelligent, well-rounded, and extremely altruistic!
