

Mel Staff Impression

Mel is as personable as he is adorably cute! With his full curly brown hair, dazzling blue eyes and genuine smile, he is easily the boy next door. Mel stands and 5'9" and has slender physique. He stays in shape with frequent runs and has even begun completing marathons. Mel will stand out in a crowd, not just because of his good looks but also because of his outgoing personality. He can strike up a conversation with anyone and is very kind and charismatic.

Mel is equally driven and ambitious studying Business Data Analytics and Pre-Law simultaneously. He attributes his strong work ethic to his parents who taught him the value in not only education but perseverance. Whether he follows his passions into law or and Data Analysis, we know that Mel is going to be very successful in life. We look forward to seeing where the future takes him and are thrilled to have him in our donor program.
