

Sherwood Staff Impression

This handsome donor is always well-groomed and sharply dressed. He has an oval face, full lips and a rounded nose. Sherwood has an amazing head of wavy, thick, light brown, hair and never seems to have a bad hair day. He is very health conscious, making sure to stay active and keep a healthy diet which keeps him lean and in great shape.

Sherwood is a true gentleman- polite, calm, and considerate. He is a great listener who takes a genuine interest in others and asks thoughtful questions. He is a determined, creative thinker who is not afraid to think outside the box in pursuit of his goals and success. Notably, his musical talents are quite impressive—he plays many instruments with great skill, including guitar, violin, viola, bass guitar, and keyboard.
