

True Staff Impression

True is a unique and ruggedly handsome donor. Standing at 6ft tall he has a strong and stocky build. He is an active outdoorsman enjoying hiking, running, and soccer. He has an oval face and intense, almond shape blue-green eyes. True has high cheekbones, full lips, and can often be seen with a full and well-maintained beard that matches his thick, wavy brown hair.

True completed a degree in Mechanical Maintenance and hopes to someday be a well-known gem cutter. When he is not honing his gem craft, he keeps busy with his young daughter and wife. She is his main reason for everything he does, including joining the donor program. He hopes to help those wanting children experience what he has as a father.
