

Ronnie 10574 Staff Impression

Ronnie is a handsome, kindhearted, friendly young man. He has dark brown hair, chestnut brown colored eyes, and full lips. In-person, Ronnie is an engaging and charismatic conversationalist. He is currently in his fourth year in college studying to be an airline pilot, how exciting! He cultivated this goal of becoming a pilot from the instilled values of integrity and independence that his parents provided him growing up.

Not only is Ronnie driven and intelligent in school, but he also loves anything sports-related, reading, and most recently has developed an interest in art and drawing. During his interview, we found ourselves having much in common with him as he described how he is a movie fan and his favorite music is any music in the 90s and early 2000s. Additionally, Ronnie is proud to be in our donor program, as he wants to be able to give back to those who are wanting families of their own. We are happy to have Ronnie in our program!
