

Open Donor: Emmett

Staff impression:

Emmett is a gorgeous man! He has light brown hair streaked with natural blonde highlights that looks great worn short or long. He has trustworthy brown eyes and tans nicely. Emmett has full light pink lips and adorable dimples. Emmett is tall with broad shoulders and is a great athlete. He typically wears dark trendy clothes.

Emmett describes himself as eccentric and creative. He plays mandolin and enjoys many different arts. He fenced and wrestled for many years in high school and has remained active. Emmett is very quick witted and sharp, yet soft spoken. We asked Emmett why he wanted to be a donor and he said, "I like helping out those in need, and this is a very simple, easy way to do that. Instead of wasting a lot of potential, I can use my own body to give someone else a wonderful, life-changing gift. I think it is a complete win-win for all parties involved." We think Emmett is a very interesting person with a lot of depth and character. We highly recommend him as a donor!
