

## Giancarlo Staff Impression

Giancarlo is one of our favorites here because of his exceptional happy demeanor. Once you start talking with this donor, it is apparent that he is very intelligent and highly ambitious. He loves to talk about his profession in real estate development which interests him very much.

His Italian and Puerto Rican heritage are very present with his large dark brown eyes, dark brown hair, and medium to olive skin. He stands at 5'6" with an athletic build which is the product of his active and adventurous lifestyle, as he likes to do activities to stay in shape such as yoga, running and playing sports. The adventurous side of his personality is also shown in his interest in philosophy and desire to travel the world (he's already been to over 15 countries).

We believe this donor is a very good choice because he is truly a kind hearted and genuine person, with a good head on his shoulders.
