

Galileo Staff Impression

Galileo is wonderful addition to our donor program. He is intelligent, cute, well-traveled, and athletic. Standing at over 6ft tall, he has a strong build, one maintained with active Jiu Jitsu training and weightlifting. Galileo has thick, wavy brown hair and lovely green-brown eyes that stand out in contrast. He has a square jawline accented by his well maintained dark brown beard. Galileo has a slightly crooked nose, full lips, and kind smile.

He has obtained his mechanical engineering degree and is currently working as an engineer. He hopes to someday open his own firm and with enough success he will be afforded the opportunity to travel and focus on building a family of his own. Galileo is always up for an adventure and trying new things such as playing instruments, martial arts and finding hidden gems in his travels. With his friendly, easy going and adaptable personality we think Galileo will go far in his pursuits and we're excited to see what the future brings.
