

Open Donor: Carmine

Staff Impression

Carmine is 6'4" and weighs 180 pounds—tall and lean. His hair is light brown with just a hint of red in certain lights. His eyes are a wonderful deep-green. He has a very nice, very defined facial structure, as all of his features are symmetrical. Carmine's expressive face resembles an oval, carrying a well defined chin.

Carmine has an awesome personality—always up for a chit-chat about life or simply his day. He values family, enjoys arm-wrestling, and gets a kick out of soccer. Carmine can be goofy and silly, but more than that he is warm, compassionate, gentle, and always exudes a calming aura. He became a donor to help others, and he would make a great match for any family.
