

## Singh Staff Impression

Singh is a ruggedly handsome donor. Standing at just under 6ft tall he has a lovely, clear medium skin tone. He has thick, wavy black hair, a matching well maintained black beard and beautiful large, round brown eyes. Singh has a round face, highlighted with high cheekbones and full pouty lips. Singh maintains a healthy active lifestyle. He is particularly active in Cricket and Volleyball. He is an avid runner as well and considers himself a well-rounded athlete.

Singh graduated with an Engineering degree and puts that to use as a Technical Program manager. When he is not working, he enjoys travel, exercise and exploring new spots for great food. Above all Singh is deeply devoted to his daughter. Singh is a wonderful addition to our donor program. Having gone through a fertility journey with his partner to conceive his own child, he has a unique perspective of this journey and is grateful to be helping those on the same path.
