

Open Donor: Keagan

Staff impression

Keagan has an infectious energy that affects everyone he meets. He is bright, excitable, charismatic, and outgoing which makes him a pleasure to interact with. He grew up with five brothers which easily explains his playful, if sometimes mischievous, attitude and sense of humor. Keagan not only plays guitar and mandolin, but he composes music as well. He has traveled quite a bit and worked as a Spanish translator. His goal is to be a physician and he aspires to be a surgeon overall to help people. We asked Keagan what he was most proud of and he said that he is proud of the way he treats people, particularly with compassion and respect no matter who they are or where they come from.

He has brown hair and green/brown eyes. He has a broad well built chest and upper body. He is a runner and loves to play soccer. Keagan is a skilled athlete and was the captain of both his high school football and soccer teams. Keagan has a great smile that he flashes often. He has a light skin tone that tans to a crisp golden brown easily. He tends to dress comfortably yet professional with fashionable collard shirts and jeans.
