

Open Donor: Lawton

Staff impression:

Lawton is the perfect archetype of a blonde hair, blue eyed, good looking man. He is tall and lean with a muscular build. He has beautiful white blonde hair and light blue eyes. He has fair skin with a warm ruddy undertone. Lawton has an adorable smile with very small dimples in his cheeks and a small dimple in his chin. He has nearly invisible freckles dusting his nose and cheeks that were more prominent as a child. Lawton dresses comfortably in well fitted t-shirts and jeans.

Lawton is very bright and outgoing but can be reserved occasionally. He is always in a good mood and is quite jovial. Lawton is amiable and personable. We asked Lawton what makes him unique and he said, " I have the ability to become incredibly focused on a task when I value the outcome. This can range from practicing the drums, handling logistics for a legal case, or researching a certain topic. I become meticulously hyper-focused and it has provided for good results in certain areas. I am also very artistic in many ways ranging from drawing, music, design, lighting, and overall feng shui. " We love Lawton's fun personality and strong determination and passion.
