

Open Donor: Maksim

Staff impression

Maksim is the epitome of tall, dark, and handsome. He stands at 6'5" with broad shoulders and long limbs. He has full wavy black hair and a gorgeous olive skin tone which makes it easy to identify his Italian heritage. Maksim has large deep brown eyes and symmetrical features. He has full lips that are very light in color. Maksim dresses comfortably since he often visits our office right after teaching yoga.

Maksim has a very calm energy that easily flows out from him to touch everyone he meets. He is outgoing and energetic. He is open to new things and experiences. Maksim is quick witted and intelligent. He is very active and enjoys participating in many different things like fire spinning and acrobatics. We asked Maksim what he was most proud of and he said, "I am most proud of my yoga and my teaching of it. I love helping people become more flexible, while also opening their mind to new things. My business is also a great accomplishment. I started with nothing and have made it successful."
