

Open Donor: Wycliff

Staff impression

Wycliff has a chiseled handsome face. He has thick wavy gorgeous blonde hair and jewel tone blue eyes. He has deep dimples in both of his cheeks. Wycliff has dark pink lips and a friendly smile. He has a slight smattering of freckles on his fair skin. He is very physically fit and is a personal trainer as well as a chef.

Wycliff is very open and personable. He is easy to talk with and has a great sense of humor. He is genuine and empathetic, qualities we love to see in our donors. He is driven and works hard in everything he does. We asked Wycliff to choose words that he felt described his personality and he picked caring, loyal, versatile, welcoming, and sarcastic. We think leader, passionate, and amiable should be added to his list!
